Cio Multi

Raising Frame 226 mm WH

Mechanical accessories

The Cio Multi raising frame permits the use of surface wiring in mounting of the luminaire. The frame has knock-outs on opposite sides, so the luminaires can be linked with connectors. The colour and surface texture match those of the luminaire, to ensure a neat appearance. Raising frames are available for all Cio Multi luminaires, including the PIR model. They are not suitable for use with decorative rings.

Plastic raising frame for Cio Multi 12W PIR, white

Stocked: Yes
