

Linear halogen lamps have traditionally been used as light sources in various floodlights. They are powerful lamps that withstand high temperatures well. This makes them ideal for applications where strong light is required for extended periods, such as renovation and construction work. The halogen lamps are packaged in durable blister packs that protect the product while keeping it clearly visible. Available in two different models. Halogen lamps can be dimmed.

Clear linear halogen J118 120W 2900K R7s 2270lm 2000h 9 x 118 mm, 2 pcs in blister packing.

Stocked: Yes

PRODUCT CODE	CODE	KG	PRODUCT FAMILY

AIRAM

EC000038 Halogen lamp - high voltage - no reflector

ETIM	
Lamp power (W)	120 W
Luminous flux (lm)	2270 lm
Cap	R7s
Lamp shape	Tube, double-ended
Twisted glass	No
UV-protection	Yes
Colour temperature (K)	2900 K
Energy efficiency class according to EU regulation 2019/2015	G
Weighted energy consumption in 1,000 hours (kWh)	120 kWh
Average nominal lifespan (h)	2000 h
Lamp designation	Other

Electrotechnical data	
Lamp voltage (min) (V)	220 V
Lamp voltage (max) (V)	240 V

Measurements	
Diameter (mm)	9 mm
Total length (mm)	118 mm

Structure	
Model	Clear
