Direct S

Decorative ring S SI

Light distribution accessories

The versatile accessory options of the Direct S series enhance the features of the luminaire. The 20D reflector is suitable for detailed lighting, while the 60D reflector is intended for general lighting. The honeycomb grid helps minimize the luminaire's glare, achieving even UGR < 15. Decorative rings in gold and silver add a touch of sophisticated elegance to the luminaire's appearance.

Direct S Decorative ring, silver. Decorative ring on the inside of the luminaire, adds a touch of sophisticated elegance to the luminaire's appearance.

Stocked: Yes
